MOVING PICTURES FOR BIG HILL SCHOOL

Berea College to Donate Machine to Country School—Supt. Edwards Sees Benefit

In order to obtain a musical instrument for their handsome new school building, the pupils and teachers of the Big Hill school gave a pie supper a few nights ago. The net proceeds amounted to \$83.69, which will go a good ways towards buying either a piano or organ.

County Superintendent of Schools Ben F. Edwards, who has just returned from a trip to the schools in that section of the county, says, that the new building is proving very satisfactory. Prof. J. H. Guthrie and Miss Cleo Baker, his assistant, are doing a fine work with their 80 pupils and the school is prospering. The new building has two rooms, two work rooms, and a library and is proving very comfortable and convenient. Berea College authorities are said to have promised a moving picture outfit for the showing of educational and historical films, to the Big Hill school. This institution will in that event, be the first school in the county to be so equipped. The pupils and teachers are looking forward to this distinction with much pleasure.

At Beech Grove school, Supt. Edwards found Obert Richardson doing a good work. He has recently dug a well to secure a better water supply for the pupils. He also built a bridge over Red Lick Creek, so that all pupils may easily get to school no matter how high the water becomes. There is an average attendance of about 50 at this school and its often the case that the water gets so high that it is dangerous for the little fellows to cross.

At Webb school, Supt. Edwards found the roof partly damaged by the heavy wind, but Miss Lillian Webb, teacher, is going forward with her work just the same. She has 28 pupils. This school is also down in the Red Lick country and is doing a fine work for the youngsters in that section.

At Mallory school, also on Red Lick, Miss Lucy Hays has 32 pupils. She keeps their interest going, and is doing a good work. Supt. Edwards visited High Point School, also where Miss Agnes Moore is the very efficient teacher. She has every child in the district known to be of school age, enrolled. Music is made a feature at this school and is appreciated and enjoyed by all. The children gave some nice songs for Supt. Edwards and Deputy Sheriff Johnson, truant officer, who was with him.

They went out to Waco Tuesday and won a nice little practice game by a score of 19 to 0. Harvey Brock was on the mound for Madison Hi, and the Waco lads couldn't touch him. He was given excellent support. Reeves got two home runs, and Stone 1; three baggers were also plucked early and often, Brock getting one and Reeves another.

WANTS DRY AGENTS UNDER CIVIL SERVICE

(By Associated Press)
Baltimore, Md., April 14—Activities of the National Civil Service Reform League in combating appointment of "loose and inefficient" prohibition enforcement agents are review in the report of the council of the league at its annual meeting here today. The report reiterates charges that the enforcement personnel includes many dishonest men and women, some with criminal records. It urges support of a bill in Congress requiring all dry agents to be placed under civil service regulations and takes sharp issue with provisions in the measure insisted upon by the Anti-Saloon League, which would permit the appointment of persons without previous experience in criminal investigation.

MRS. GEO. GAY PREWITT IS BADLY HURT IN FALL

The Winchester Sun had this of a woman well known and highly esteemed here, her former home:

Mrs. George Gay Prewitt fell Sunday night at her home on the Mt. Sterling pike, and was painfully cut and bruised. No bones were broken, however, and she is said to be improving nicely. Her sister, Mrs. William Dowell Oldham, of Lexington, is here to be at her bedside, and a nurse is in attendance. Mrs. Prewitt had a very narrow escape from serious injury and probably fatal burns, as she was carrying a lighted lamp at the time she fell. The cellar steps had been removed without Mrs. Prewitt's knowledge and she stepped into the aperture, falling a distance of eight or ten feet. She was rendered unconscious for a few moments. Her lips and arms were badly cut and her neck and back painfully wrenched.

JENNINGS SPEAKER OF FLORIDA HOUSE

The Florida Metropolis, Jacksonville, April 6, contained the following editorial which will be of interest to the many friends of Mr. Jennings in Richmond:

In the election of Frank E. Jennings, representative from Duval, to the speakership of the House of Representatives a capable man was elevated from the ranks, and there is no doubt but that he will serve ably and efficiently, for he possesses the necessary qualifications.

Naturally the people of Duval county are pleased that their representative should have been signally honored by his associates in the legislature. Mr. Jennings has the best interests of the state at heart. The Metropolis confidently expresses the belief that he will be guided by the solemn responsibility placed in him by the people he represents. There were other able men in the race for the speakership, but the position can be held by only one man, and Mr. Jennings is equipped to hold it with credit to himself and service to the people of Florida.

NORMALS LOSE A HARD-LUCK GAME

Sosod Out of Well-Deserved Victory in 10th Inning by Lincoln University

With darkness coming fast and the fielders hardly able to see the ball, Eastern Normal was nosed out of a deserved victory over the Lincoln Memorial Institute of Cumberland Gap, Wednesday afternoon, by the score of 10 to 9 in the second game of the series. A big crowd thoroughly enjoyed the long game.

After having the game safely won, through the superior pitching of Jim Lackey, the excellent backstopping of Fox, and the all-around fast work of Jim Combs, several bad plays at other points in the infield noticeably at first and several times on third, the game was thrown away. It took the mountain lads ten innings to snatch the game, however, but they were mighty glad to get it, for it was practically a gift to them.

The game was marked by long hitting by both teams. Normal took a decided brace in the field, some splendid defense work being shown. Several costly plays by Howard at third, spilled the beans, however, after it seemed that the contest was safely on ice, Fox, working behind the bat, for the first time, caught a nice game. His only fault was in taking a couple of steps in throwing to second behind left-hand batters. He lost three chances to kill base runners through that fault, which he will undoubtedly correct as he gives promise of making an excellent backstop.

Walden, the boy with the perpetual smile, pitched a nice game for the visitors who are really a finished college ball team.

Byrd starred in left field for them with a great one-hand catch, while on the run. Combs pulled the same sort of circus stunt for Normal just before that. The box score:
